Hello and welcome to your personal development journey at Toastmasters!

You have truly made a great investment in yourself and are on the path to achieving your personal goals. I can say this from experience as I have been able to see the progress I have made since joining in 2018. It has given me a chance to practice, gain confidence in personal and professional settings, a sense of community and so many fun times. Toastmasters is what you make of it and we are here to provide a supportive environment for you to do just that.

Someone will be contacting you from the club and will coordinate an introduction with you to the Pathways Educational system. Pathways is an online set of resources that gives step-by-step instructions for nearly 300 different speaking competencies.

This packet contains all the Level 1 evaluation forms you will need for your first few speeches in Pathways, as well as a handy speech construction kit that is optional to use if you'd like to try out a fun and different way of approaching speech writing.

Each week you'll receive an email from the club that gives details about our upcoming speaking schedule and any open speaking slots. In it you will also have access to all of the club's resources at the click of a button. If you have any questions, please do not hesitate to reach out by replying to the email or contacting one of the other members directly.

Again, it is my sincere pleasure to welcome you to Career Builders Toastmasters!

Jana Nakamura

President

Career Builders Toastmasters, Club #5223

Club Motto: "We're here to practice, not perform."
